

## First Grade

First Grade Parents,

It's hard to believe that the end of the year is here! I want to thank you all for all your help and support this year. You have helped to make this a very memorable year for me. I especially want to thank Mrs. Khouri for all her

help in the classroom this year. Our celebrations would not have been possible had it not been for her.

In the last few weeks of school, we will continue to stay busy in first grade. We are continuing our study of insects and weather in science. Math will lead us into measurement double digit addition and subtraction. While language arts will consist of grammar and spelling. In religion, we will continue to focus on the sacraments with a special emphasis on First Eucharist in preparation for next year. We will also take a closer look at the different aspects of the Mass.

There are a few important dates coming up. Friday, June 9, is a half day with noon dismissal due to Graduation at 5:00. On this day daycare will be provided until 5:00 in order to allow the teachers the opportunity to attend the graduation. The last day of school will be Friday, June 16, it is also a Mass day.

The children need to be in dress uniform. The last day of school is a minimum day with **no daycare! All children need to be picked up by 12:00!**

Finally, I want thank you all for sharing your most precious gifts with me; your children are amazing and they have made this year's teaching experience an amazing and unforgettable one. This has been an outstanding year and it is, in large part, due to you. I have enjoyed working with your children and with you all as well. Have a wonderful and safe summer!

God Bless,  
Mrs. Barrios
