

Third Grade

Dear Third Grade Students and Parents,

I want to thank you for such a tremendous school year! These last few weeks have been so busy and such a testament to the progress every student has achieved!

THANK YOU!

"Muffins with Mom" was such a heartfelt tribute for all that our moms do for us! Thank you for attending and for allowing us to acknowledge how much we love you!

The Talent Show displayed the students' gifts, drive and spirit! I wish HT had the Talent Show twice a year because it was so awesome! Several Third Graders participated and the rest of us cheered them on and appreciated their efforts.

We're looking forward to **Field Day, the Farewell Assembly, Doughnuts with Dads** and so much more in the following days.

We will continue our academic studies of measurement, division and fractions in math; citizenship and our local and U.S. government in social studies; Scripture in religion and conventions of grammar in language arts.

I wish to extend special thanks to all the parents and family members who have contributed to and supported all our class efforts, projects, field trips and events! What an incredible community! Thank you! Thank you!

My sincere thanks to all the students for making this such a fun, friendly, exciting, faith-filled, caring, and memorable year of learning and sharing. Have a wonderful summer!

Blessings,
Mrs. Connell

Have a good Summer!
